

Witnessing to people who do not know about Jesus is something that all believers are called to do. This is why we are holding a guest service coming up on Sunday Feb 18th.

Yesterday we looked at how there are certain things that we can make sure we have in place before we start witnessing to others.

For instance, making sure that our own relationship with God is ok, that we are not allowing sin to have a dominant effect in our lives and that we are reading and living out the bible. We also were reminded that prayer plays a huge part of seeing people saved and that for us to love and share the good news with others, we ourselves must first know of his love for us.

If we take these three things and put them into practice along with getting prayed for at your homegroup we are positioning ourselves to be used by God and be fruitful.
